Arthur Eisenberg
Associate Research Director
900 Third Avenue
New York, NY 10022

Dear Dr. Eisenberg,

I am a new faculty member at the University of Wyoming Chemistry Department with an interest in the bioinorganic chemistry of nitric oxide. I believe that aspects of our research will be of considerable interest to your foundation. I would therefore be grateful if you could send an application package and information concerning this program.

Sincerely yours,

Scott Bohle

Assistant Professor of Chemistry
